

Łukasiewicz

Institute of
Microelectronics
and Photonics

**Excellent light
source for mid-
and far-infrared
applications**

Quantum Cascade Lasers

- easy control
- very wide range of wavelengths
- compactness
- ability to smoothly change the emission wavelength
- complete technological internal production line

defence
and security

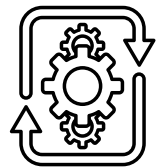

environmental
monitoring

medicine

communication

industrial
automation

Market Value Forecast
\$ 422 million in 2025
